

Advanced Joint Injection Training

Viatrex offers 3 modules of a 2-day weekend each. (24 hrs/module, 72 hrs in all).

For BC ND's: Module 1 satisfies the CNPBC training requirements for Part A, Modules 2 satisfies CNPBC requirements for Part B, Module 3 is more advanced ganglion and tougher injection sites.

Module 1 - Hand, wrist, elbow, shoulder, foot, knee, ankle, hip, thigh
May 1-2, 2021

Module 2 - Sacrum, pelvis, lumbar, thoracic, torso, intercostals, cervical, head & neck
Feb. 27-28 & March 27-28, 2021

The course covers training in **Prolo, Neural, Peri-Neural & others.**

No experience in these techniques is required, we teach you.

Rights to inject by your board, is a requirement.

You need to take the courses in succession, need module 1 before doing module 2.

Training includes:

- Low student to practitioner ratio with seasoned & industry leading instructors
- Lots of hands-on training
- Breakfast, lunch and snacks(Not during Covid)

This program is designed to offer the richest teaching experience with industry leaders lending their wisdom. Instruction will include both lecture and significant hands-on. Anatomy is a big component for this course, the **Essential Anatomy** app by 3D4Medical will be used as a reference. To get the most out of the program, please ensure you are up to speed on your anatomy. The “**Advanced Inj course Daily program per anatomical segment**” outline describes what we will be covering; **you need to know this anatomy.**

The course is closed to the participants & instructors. No surrogates are permitted.

The course is intended to develop a physician's expertise in:

- in-depth knowledge of regional anatomy
 - musculoskeletal – muscle, tendon, ligament, bony landmarks
 - major and superficial nerves, important plexi and ganglia
 - local vasculature
- Orthopaedic and clinical assessment skills
- Treatment decision making guidelines
- Familiarity, skill & safe practice of important therapeutic/regenerative injection techniques.
 - Neural Therapy – superficial and deep
 - Prolotherapy
 - Perineural Therapy
 - Prolozone(require prior training in Ozone Therapy)
 - PRP
- Injectable medicinals including procaine, dextrose and other authorized substances

A mentorship program is available for those who would like extra clinical support.

- **Dr. Timothy Brown ND, DC**
- **Dr. Jamie Gallant ND**
- **Dr. Richard Hull DO**

Due to the nature of the course, the following items will be required:

- Completed Health questionnaire
- Informed consent form
- Limited liability waiver
- Covid questionnaire, waiver & potential screening

Some of the instructors, in alpha order, but not limited to:

Dr Richard Hull (Past President AOAPRM) & others.

Location & pricing,

Price: **\$2,300 plus tax per module.**

Includes electronic notes, charts

Times:

Doors open 9:00 am

Class: 9:30 am to 6:30 pm(Saturday) – 8:00 am to 4:30 pm Sunday

Course information, location &/or scheduling may change without notice.

Registration Form Advanced Injection Training

Dr's Name: _____ ☐ Student yr ____/ ☐ New Grad yr ____
